

Monday	TLW: Understand Graphing Linear Inequalities 3.3	Objective: Introduce concept of solving linear inequalities.
		Activities: Go over TAKS Objective 5 answers. No TAKS Assignment or POW. Progress Report on Major Assignment on Transformation Design Project and discuss. Work through examples on inequalities.
		Materials: Note Taking Guide, graphing calculator
		Follow Up/HW: Project. P. 164 #28, 30, 31, 34, 35, 36. Big Test TAKS 1-3 Friday
Tuesday	TLW: Understand solving linear systems of three variables. 3.4	Objective: Solve a linear system with three variables.
		Activites: Work through examples on three variable equations.
		Materials: Writing materials, Note taking Guide.
		Follow Up/HW: P. 171 #4, 9, 12, 17, 20, 23, 25, 33
Wednesday	TLW:	Objective:
		Activities:
		Materials:
		Follow Up/HW:
Thursday	TLW: Read P. 174-176 on Linear Programming	Objective: Introduce Linear Programming Concept.
		Activities: Have students use Books at back during class for P. 174-176. Handout on Inequalities.
		Materials: Graphing calculator, Textbook, Note guide
		Follow Up/HW: P. 182 # 3,4,5,6,7,8,26, 31, 35,42
Friday	TLW: Big Test on TAKS Obj1-3	Objective: Demonstrate knowledge on TAKS Obj 1-3
		Activities: Assessment and Note taking guide.
		Materials: Graphing calculator, Note taking guide.
		Follow Up/HW: Linear Programming.
